Check Mate
Demo: https://lukepoirrier.com/checkmate   **Repo:** https://github.com/lukecp5/check-mate
- Summary: Check Mate allows users to keep track of the wins, losses, and ties of the board games they've played and compare them to their friends.
- Role: Back end developer
- Tools: React, MongoDB, Node, GraphQL, Express, JWT, Apollo Server/Client, Board Game Atlas API, Material UI, HTML, CSS

EXPERIENCE

Shift Supervisor   **2018 – Present**
Starbucks   **Woodstock, GA**
Maintained daily operations of a high volume store and coordinated deployment of labor to maximize efficiency during peak business hours.
Key Accomplishments:
- Directed a team of up to 10 baristas at a time
- Incorporated customer-focused strategies to achieve a 13% growth in customer satisfaction
- Consistently exceeded sales goals and presented weekly sales reports in team meetings

CAD Drafter   **2017 − 2018**
Gilmer Building Component   **Ellijay, GA**
Analyzed floor plans and blueprints to draft workable CAD layouts in AutoCAD and other CAD software
Key Accomplishments:
- Engineered custom wooden trusses and arranged them to balance cost and stability
- Performed load and stress tests on engineered trusses to ensure efficacy during installation
- Formulated accurate cost estimates based on clients needs and local building codes

EDUCATION

Certificate, Full Stack Web Development - Georgia Institute of Technology   Atlanta, GA
